Land Acknowledgement

Heritage University occupies its home on the traditional lands of the Yakama People. These ancestral homelands are the Yakama, Palouse, Pisquouse, Wenatshapam, Klikatat, Klinquit, Kow-was-say-ee, Li-ay-was, Skin-pah, Wish-ham, Shyiks, Ochechotes, Kah-milt-pa, and Se-ap-cat, who today are represented by the Confederated Tribes and Bands of the Yakama Nation (Treaty of 1855) and, whose relationship with this land continues to this day. Heritage University, grounded in the vision of the two Yakama women founders, respects Indigenous peoples as traditional guardians of the lands and the enduring relationship that exists between Indigenous peoples and their traditional territories. We offer gratitude for the land itself, for those who have stewarded it for generations, and for the opportunity to study, learn, work, and be in community on this land. We acknowledge that our university's history, like many others, is fundamentally tied to the first colonial developments in the Yakima Valley. Finally, we respectfully acknowledge and honor past, present, and future Indigenous students who will journey through this home called Heritage University.

Course Description

Advanced seminar is taken concurrently with Advanced Practicum II. This course allows the student an environment to apply advanced field practicum experience to the program curriculum. Students are encouraged to critically reflect on theory, ethics, values, skills, knowledge, and cognitive and affective processes that shape social work practice. Designed as a supportive environment, students are encouraged to practice using peer supervision to manage both the challenges and successes in their field placement. This course is graded as Pass/No Pass.

Relationship to Other Sequences and Other Courses

In the Spring semester, students take **SOWK 591 Advanced Seminar II** to critically reflect on theory, ethics, values, skills, knowledge, and cognitive and affective processes that shape social work practice. SOWK 591 will facilitate and encourage students to process experiences of practical

application across the **micro, mezzo, and macro** levels of practice fostering a holistic approach to social work. Integral to seminar learning is the incorporation of **person-in-environment** as social work recognizes the interconnectedness of individuals within their social and cultural context. SOWK 591 will provide a space for students to deepen their understanding of **research-informed practice**, ensuring that their interventions are rooted in evidence-based methods. SOWK 591 will assist students in utilizing **strength and resiliency** to address individual challenges. This course is concurrently taken with **SOWK 596 Advanced Field Practicum II** to integrate theoretical concepts into practical applications, demonstrating the nine enhanced and expanded social work competencies across various levels. Throughout practicum placements, students will be tasked with showcasing advanced knowledge and skills with the guidance and support of their Agency Practicum Supervisor.

Competencies, Performance Indicators, Assessment Methods

In adult education, providing the context of the content you are teaching helps the learner understand the expectations on them. The social work program has identified goals and objectives that students are expected to achieve, and the Council on Social Work Education (CSWE, 2022) has identified competencies and practice behaviors that are integral to social work education. We assess these through key assignments throughout the MSW program curriculum and in students' practicum settings. They are identified as follows:

MSW Program Goals and Objectives

The MSW Program has the following goals for our students:

1. To prepare students with knowledge, values, skills, cognitive and affective processes.
2. To prepare students with advanced skills in social policy, research, culturally tailored interventions, and organizational and community leadership to enhance social functioning and alleviate poverty, oppression, and injustices.
3. To prepare students to improve people's lives; alleviate biopsychosocial concerns; empower individuals, families, groups, organizations, and communities; and achieve social justice.

Assignment Assessment Methods, Practice Behaviors, and Competencies

In the *Educational Policy and Accreditation Standards* (EPAS), the CSWE (2022) defines competence as "the ability to integrate and apply social work knowledge, values, skills, and cognitive and affective processes to practice situations in a culturally responsive, purposeful, intentional, and professional manner to promote human and community well-being" (p. 7). Competence is "informed by knowledge, values, skills, and cognitive and affective processes that include the social worker's critical thinking, affective reactions, and exercise of judgment in regard to unique practice situations" (p. 7).

The nine competencies identified in the 2022 EPAS are:

1. Demonstrate Ethical and Professional Behavior
2. Advance Human Rights and Social, Racial, Economic, and Environmental Justice
3. Engage Anti-Racism, Diversity, Equity, and Inclusion (ADEI) in Practice
4. Engage in Practice-Informed Research and Research-Informed Practice
5. Engage in Policy Practice
6. Engage with Individuals, Families, Groups, Organizations, and Communities
7. Assess Individuals, Families, Groups, Organizations, and Communities

8. Intervene with Individuals, Families, Groups, Organizations, and Communities
9. Evaluate Practice with Individuals, Families, Groups, Organizations, and Communities

The social work program has developed the curriculum with competencies as outcomes. Most required courses identify a specific competency for students to demonstrate and be assessed by faculty through a key assignment. The MSW Program has taken these competencies and designed associated advanced generalist practice behaviors. The content of the course also introduces and develops related competencies and behaviors. Students who complete this course will have demonstrated the competencies listed in the table below.

Assignments and Grading

I grade students on two ongoing assignments for SOWK 590. This table delineates the assignments, their point values, and the percentages of the overall class grade.

| Assignment | Points | Percentage |
|---|------------|-------------|
| A-01: In-Class Participation and Engagement | 315 | 60% |
| A-02: Weekly Reflective Journals | 210 | 40% |
| TOTAL | 525 | 100% |

Course Assignments Descriptions

I have described each assignment with meta-information on implementation, the purpose, the specific tasks students are expected to complete, and the criteria used to assess it.

Assignment 01: In-Class Participation and Engagement

- Meta:** *Points* 315 pts (60% of final grade) with 45 pts each session; *Deadline* Selected Saturday session sessions for in-person class; *Completion* via attendance taken by instructor and documentation during class.
- Purpose:** This class is designed as a supportive environment where students reflect on their practice learning through an in-person group and engage in meaningful discussion of social work knowledge.
- Task:** Attendance is part of the student's final grade. **Students are required to attend at least six of the seven in-person seminar sessions.** If a student anticipates or an unavoidable absence occurs, communicate with faculty as soon as possible to discuss options for partial credit. Options may include student access to an audio or video recording of the missed seminar session.
- Success:** Students will be present, on time, or have contacted the instructor for the class session. Students will fully engage in the practice learning reflection group, mindfulness activity, and student-led discussion.

Assignment 02: Weekly Reflective Journals

- Meta:** *Points* 210 pts (40% of final grade) with 14 points each week; *Deadline* Submission by 08:00 AM on Monday each week; *Completion* via MyHeritage Assignments.
- Purpose:** The weekly journals provide a structure to ensure students reflect on their practice and apply advanced practice knowledge. The journal is also a record they can refer to when preparing for their midpoint and final practicum evaluations.
- Task:** Journal entries should be written each day of practicum attendance. Students will reflect on the purpose of their practicum activities. The journal should align with tasks

and competencies, documenting not only completed activities and observations but also tentative hypotheses and new insights. In their journals, students should consider both the transferable skills they are developing and the agency-specific skills they are utilizing. They may also include feedback from their agency practicum supervisor. It is important not to include clients' names or any details that could compromise client confidentiality.

Success: Journals are submitted on time weekly through MyHeritage. The journal's content demonstrates sincere reflection and pointed connections to the CSWE competencies.

Grade Scale:

This is a Pass/No Pass Course. To earn a passing grade, students are required to:

- Attend and participate in at least 6 out of 7 advanced seminar classes per semester
- Earn at least 80% of points from weekly reflective journals
- Earn at least 80% on any other assignments

| Letter Grade | Percentage | GPA | Description |
|---------------------|-------------------|------------|--------------------|
| P | 80 to 100 | N/A | Pass |
| NP | 0 to 79.99 | 0.0 | No Pass |

Course Guidelines and Expectations

Description of course expectations

This class is a facilitated group, so students are expected to adhere to the group norms, which were developed cooperatively by their classmates and instructor during the Fall semester. Students are also expected to attend and actively participate in class sessions, sharing about their learning and seeking feedback about potential interventions with their clients. In each class session, some students are assigned to facilitate a student-led discussion about a selected topic. Each day during the students' practicum, they are to reflect on their learning and document the activities they are engaging in in their reflective journal. Students are to submit their reflective journals each week, before the deadline.

Description of Assignment Types

Participation and engagement are the most significant aspects of this class. During in-person class sessions, there will be a facilitated reflection on practicum learning, a mindfulness activity, and a student-led discussion topic. Students will also submit a weekly journal entry to My Heritage.

Designated Style

Students should follow the American Psychological Association (APA, 2020) style guide for all writing done in this course. While optional for this course, their seventh edition style guide can be a valuable asset to support student scholarship.
